Supply Chain Manager

For our site located in Gosselies, Masthercell (MTC) is looking for a Supply Chain Manager with at least 10 years' experience in Supply Chain.

Under the supervision of the Chief Operating Officer, the Supply Chain Manager will start from scratch in our brand new building dedicated to commercial activities in Cell&Gene therapy field. He/She will be part of the current organization in charge of clinical activities and will extend his/her scope to the commercial steps expected in 2021.

RESPONSIBILITIES

In order to fulfill his/her role, the Supply Chain Manager:

- Define drug product distribution strategy for MTC in accordance with local regulations and project/product constraints
- Set in place MTC Supply Chain organization including IT tools selection, check of logistic flows and transports inside and outside the company and validate related procedures and policies
- Ensure supply of Raw Mat and consumables by optimizing available space, identification & sampling processes
- Ensure and coordinate Human Body Material/Drug Product transports from patients/donors to hospitals/transplant centers
- Ensure Supply Chain is fully prepared for both internal and external audits;
- Manage logistics, Master Planner and Buyer

QUALIFICATIONS & EXPERIENCE

- Master's degree in Engineering, Supply Chain Management or related technical discipline is a distinct plus
- At least 10 to 15 years of experience in supply management and logistics in biotech/ pharmaceutical/ cell therapy industry is required
- Experience in cGMP environment is a must

SKILLS & COMPETENCIES

- Demonstrated leadership
- Strong Project Management skills and able to manage complex projects;
- Excellent organizational and coordination skills
- Strengths in problem solving, issue-resolution and the ability to multitask
- Comfortable in a fast-paced, growing environment
- Highly flexible; able to work with US and Asia
- Responsive and must adapt quickly with changes
- Autonomous and proactive

WE OFFER

- A Full-time position
- An Indeterminate contract and a competitive salary with extra-legal benefits
- A Challenging & dynamic function in a growing dynamic biotech company
- A human-sized working environment with a convivial atmosphere
